Player expectations

Every player is expected to be at every game during the season. Each game lasts approximately 45 minutes We expect you to come to practice ready to learn, listen, and work hard.

Upper School

The Upper School water polo team is comprised of some very talented water polo players this year. A copy of their schedule is posted on the school website. I would like the middle school players to attend as many home games as possible. Watching this level of play, is the best way to learn the game, and support the team as well.
