

THE HAVERFORD SCHOOL

I am my brother's keeper.

I will bring my concern about a fellow student's drug or alcohol use to the attention of the Dean of Students, the School Counselor, or another trusted member of the faculty. The School will not pursue disciplinary action but instead will bring the information to the student, without naming its source, and will confidentially provide him with any resources and support he may need. Protecting a friend means getting him the help he needs, not keeping his need for help a secret.

In a medical emergency, call 911.

For support, call our School Counselor at 484-417-2715.

THE HAVERFORD SCHOOL

DRUG AND ALCOHOL POLICY

Student use or possession of illegal drugs and alcohol and the misuse of prescription drugs has no place in our community and is forbidden.

- Students or families who seek out help prior to a violation of the Drug and Alcohol Policy will be given support without any disciplinary action.

- The sale or distribution of alcohol or illegal or prescription drugs will result in expulsion with no possibility of readmission, and law enforcement will be notified.

- Possession of alcohol or illegal drugs or drugs prescribed for others will result in dismissal with the possibility of readmission the following school year.

- Use of alcohol or illegal drugs will result in disciplinary action, to include suspension, and the student will be required to meet with the School Counselor who will coordinate a drug and alcohol evaluation.

- Evidence of use for a second time will result in dismissal.
